

life experience.

To me, my father is
such a respectful
man who gives me
advices and help me
with decision
making. experienced

My father lives an
experimental life.

x His first workx When he graduated from college,
office room is one place
where he work at all
day long.

① His first work.

② He graduated from
college.

⑤ He works in office room all day long.

He found it boring sitting

When he graduates from college and works in the office room, He found it tediously sitting in the workplace all day long.

And he decided quitting the job and traveling to many places.

↑ He quits the job and begins to traveling.

My father broadened his horizon after being many places. He went home and found another job that he is fond of.

When he finally meet with my mother, he

believed it's time to
settle down.

I'm interested of his
life experience.

wondering what if I
traveled together with
him.

I shall meet various
people not known.

and experience all
kinds of cer scenery

I want to live a life
as my father does.

When time comes, I
will go.
